

# AxiPro motoren RWM76

## TECHNICAL DATA

| DESCRIPTION          | VALUE                                                                                                                                                   | VALUE |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| Nr of poles          | 2                                                                                                                                                       | 4     |
| Supply Voltage (VDC) | 12, 24, 36, 48                                                                                                                                          | 12    |
| No Load speed (RPM)  | 1000÷5000                                                                                                                                               | 5000  |
| Max Output Power (W) | < 120                                                                                                                                                   | 350   |
| Starting Torque (Nm) | < 2,5                                                                                                                                                   | < 2   |
| Duty Type            | S1, S2, S3                                                                                                                                              | S3    |
| Weight (Kg)          | < 1,6                                                                                                                                                   | < 1,5 |
| Accessories          | <ul style="list-style-type: none"> <li>• Standard EMC filter</li> <li>• Single or dual channel Hall sensor with 1, 2, 4, 8 pulses/revolution</li> </ul> |       |
| Customizations       | <ul style="list-style-type: none"> <li>• EMC filter</li> <li>• Thermal protection</li> <li>• Output shaft</li> <li>• Connector and wiring</li> </ul>    |       |
